Head of School Notes

Dear Student and Parents,

Today I wanted to share some quotes on optimism - some funny, some deep and critical, but all thought provoking - and play a little game. These quotes come from people who are famous in different fields.

We have a Czech author/dissident/president, a rock star, a Supreme Court Judge, two American and one Irish author, a comedian, and a corporate manager. Do you know who is who?

Optimism is a kind of heart stimulant - the digitalis of failure. Elbert Hubbard

Comedy is acting out optimism. Robin Williams

Pessimism and optimism are slammed up against each other in my records, the tension between them is where it's all at, it's what lights the fire. Bruce Springsteen

So many people grew up with challenges, as I did. There weren't always happy things happening to me or around me. But when you look at the core of goodness within yourself - at the optimism and hope - you realize it comes from the environment you grew up in. Sonia Sotomayor

Optimism doesn't wait on facts. It deals with prospects. Pessimism is a waste of time. Norman Cousins

Hope is definitely not the same thing as optimism. It is not the conviction that something will turn out well, but the certainty that something makes sense, regardless of how it turns out. Vaclav Havel

What I've really learned over time is that optimism is a very, very important part of leadership. Bob Iger

The basis of optimism is sheer terror. Oscar Wilde

I wish everyone a peaceful and productive day.

Dr. James W. Pilton

Language Week for French

THURSDAY / JEUDI :

French around the world / La langue française dans le monde

Do you know that Mrs Pacqué, our French teacher, is from Belgium? You know this small country bordering France really famous for its chocolate, wafels and football players! But why does she speak French if she is not French? Because French is not only spoken in France but in different countries around the world as an official or non official language. This is called “la Francophonie”! Do you want to see which countries you could never imagine that speak French? Open the video: <https://www.youtube.com/watch?v=pVqZ-3ki3Jo>

Challenge 4 :

No need to be an artist to create art! For this challenge you need small research and creativity. Pick a French speaking country you learned today and create your own Francophonie poster drawing, painting, gluing, glittering, scraping, building ...

To win this challenge at least 5 elements have to be on your poster:

- the shape of the country
